## CAREER OBJECTIVE

"Results-driven MERN stack developer seeking to build innovative web applications with MongoDB, Express, React, and Node.js. Passionate about delivering fast, secure, and user-friendly solutions that drive business growth and user engagement."

## EDUCATION

<b>Bachelor of Technology (B.Tech), Computer Science &amp; Engineering</b> Sankalchand Patel College of Engineering CGPA: 7.02/10	2021 - 2025
<b>Senior Secondary (XII), GSEB</b> Science Smt. C G Mevada Higher Secondary School, Palanpur Percentage: 76.50%	2021
<b>Secondary (X), GSEB</b> U.K.Kothary Vidhyamandir , Kothasana Percentage: 77.50%	2019

## TRAININGS / CERTIFICATIONS

### Full Stack Developemt (MERN)

Jun 2023 - Sep 2023

Pregrad, Virtual

## PROJECTS

### [CodeNestIO ↗](#)

Dec 2024 - Apr 2025

Developed a React.js-based code editor supporting 15+ programming languages with file creation, editing, and execution capabilities. Currently enhancing it using the MERN stack to create a contributive platform where users can collaborate by uploading and solving coding problems.

### [Authentication ↗](#) Dec 2024 - Jan 2025

Secure Authentication: Implements JSON Web Token (JWT)-based authentication with hashed passwords for added security.  
Modern UI/UX: Built with React and styled using Tailwind CSS for responsiveness and aesthetics.  
API Integration: Clean and modular RESTful API endpoints.  
Cross-Origin Compatibility: Configured to handle CORS policies seamlessly.  
Code Quality: Integrated ESLint for maintaining high code standards.

### [ChatApp ↗](#) Oct 2024 - Nov 2024

"Connect with friends and colleagues in real-time with our MERN-based chat app, powered by (link unavailable) Enjoy seamless conversations, instant messaging, and dynamic updates. Built with MongoDB, Express, React, and Node.js, our app provides a fast, secure, and reliable platform for real-time communication."

### [To Do List ↗](#)

Jul 2024

"Built a dynamic to-do list application using the MERN stack, featuring user authentication, task categorization, and real-time updates. The application enables users to efficiently manage tasks with a clean and intuitive interface."

### [Calculator ↗](#)

Oct 2023 - Nov 2023

"Calculate with ease using our React-based calculator! Perform [arithmetic operations](#), calculate percentages, and more with our intuitive and user-friendly interface. Built with React, our calculator provides a fast and reliable way to crunch numbers."

## SKILLS

- HTML
- GitHub
- Tailwind CSS
- Express.js
- JavaScript
- Next.js
- Node.js
- Python
- CSS
- REST API
- MongoDB
- React
